PLATINUM V-SERIES

**Exclusive Strength,
Uncompromising Quality**

The Tunturi Platinum V Series is designed for those who demand the best. This exclusive line combines commercial-grade quality with a sleek, space-saving design, making it a perfect fit for any professional training environment.

Ideal for independent gyms, PT studios, physiotherapists, hotels, and corporate gyms looking for high-quality, durable strength equipment.

The Platinum V Series blends a compact and stylish design with multi-functionality. Perfect for a wide range of training goals, it enables efficient, effective, and space-saving workouts. Our equipment is a smart investment, balancing quality and value seamlessly.

**PEAK PERFORMANCE WITHOUT
COMPROMISE.**

SELECTORIZED MACHINES

PIN-LOADED PRECISION

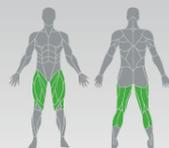

The SelectORIZED machines in the Platinum V Series feature a weight stack of up to 120 kg. With the 2.5 kg add-on weight, you can adjust the resistance in increments of 2.5 or 5 kg for maximum precision. Ideal for both beginners and experienced strength athletes.

ROBUST AND ERGONOMIC DESIGN

The SelectORIZED machines boast a commercial-grade steel frame with a 2.5 mm thickness, ensuring a durable and professional construction. The high-quality PU cushions provide optimal comfort, while the rubber-coated handles are easy to clean. With fully adjustable ergonomics, every user can find the perfect setup for safe and effective training.

PLATE LOADED MACHINES

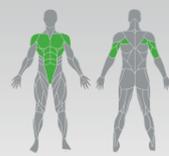

PLATE LOADED PERFECTION
 The Platinum V-Series Plate Loaded machines support up to 300 kg in training weight, perfect for serious strength training. Designed for Olympic weight plates (50 mm), you can easily load the desired weight. The sturdy frame and smooth mechanics ensure natural movement and steady progression. Built-in storage pins keep weight plates organised and within reach.

ENGINEERED FOR PERFORMANCE
 Made for heavy use, each machine features 2.5 mm commercial-grade steel for stability. The PU cushions provide comfort, while the aluminium handles (knurled) and storage pins resist rust and wear. Independent weight arms allow balanced strength development and controlled muscle activation.

TUNTURI®

FEEL BETTER EVER DAY

100+ YEARS OF FITNESS EXPERIENCE

We are Tunturi, pioneers in the world of fitness. Established in 1922, we revolutionized the industry in 1969. That year, we introduced the world's first exercise bike ergometer for home use. Fast forward to today, our assortment consists of a wide range of cardio machines, strength equipment and accessories.

TUNTURI FAMILY

We value long-term partnerships built on personal connections and trust. Joining us means becoming part of the Tunturi family, where collaboration and mutual success are at the heart of everything we do.

FULL SERVICE TUNTURI SUPPORT

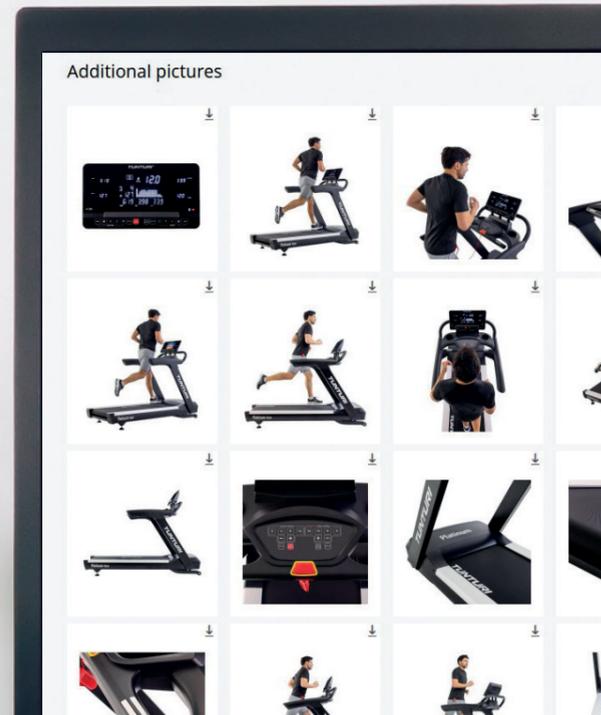

EXCEPTIONAL AFTER-SALES

Our commitment to **quality and reliability** goes beyond our products. With an **average customer satisfaction score of 9.3**, we ensure fast response times (**9.56**) and expert technical support (**9.04**). Our dedicated team is always ready to assist, making sure your equipment performs at its best.

EASY ACCESS TO SERVICE & MEDIA

Find **manuals, spare parts, service info, and certifications** anytime via our Online Service Portal: shop.tunturi.com.

Need high-quality product images, videos, and specifications for promotions? Visit our Marketing Media Catalog: media.tunturi.com.

TURN YOUR VISION INTO REALITY

DESIGN YOUR PERFECT GYM

Visualise and customise your training space with **ECDesign**. This powerful 3D planning tool lets you create a fully equipped gym layout, integrating the **Platinum V Series** machines seamlessly into your design. Plan efficiently, maximise space, and ensure the perfect fit for any professional training environment.x

BRING YOUR GYM TO LIFE

Whether setting up a compact personal training studio or a large fitness facility, **ECDesign** helps turn your ideas into reality. Experiment with different layouts, adjust equipment placement, and create a functional, high-end gym setup tailored to your needs.
